

## Woolgrove Assessment Report 2017-18

Last year 2017-18 we introduced personalised targets across the school. All children were put into a band identifying how much progress was expected across the year. There were 5 bands, with Band 1 relating to the children with the more complex needs, Band 3 being mid-range and Band 5 for the more able. Progress was measured in percentages across a P Level or Step e.g. Band 2 was that a child would make between 20% and 40% of progress across the year.

A whole school target was that 80% of all children would meet or exceed their targets. This was met in nearly all areas of English and Maths except KS1 Geometry and Measurement.

Children in Reception were assessed using the statutory Early Years Outcomes. Children from Year 1 upwards were assessed using P Levels or working within age related (ARE) Year 1 upwards (Step 1A, Step 1B, Step 1C = ARE Year 1 with Step 1C being the lowest within that Step etc). The school used the commercial online assessment package, BSquared.

### Early Years Foundation Stage (EYFS) - Reception Children only

There were 4 children within the cohort. Due to the fact that there were less than 10 pupils in this cohort the information below is generalised to minimise the risk of identifying individuals.

The children's baselines identified that the children were working between 8-20 months up to 22-36 months age bands.

#### 4 pupils

Pupils were given personalised targets ranging from making 2 to 4 steps of progress (e.g 4 steps of progress would be moving from emerging in 16-26 months to developing in 22-36 months)

100% of pupils met or exceeded their personal target in Communication and Language, Writing, Number and Shape Space and Measure. 75% met their target in reading.

Attainment at the end of the year showed pupils working from 16-26 months, up to working within 30-50 months.

### Key Stage 1 (age 5 to 7 years)

In Key Stage 1 (Year 1 and 2) there were 42 pupils.

Baselines in September 2017 identified children were working between P2ii and Step 1C. At the end of the year in July 2018 children were working between P2ii and Step 1B.

#### Pupil Premium (PP)

**PP:** 24% were PP working within P4 and Step 1B.
