

Woolgrove School

Accessibility Plan

'Equal opportunities lie at the heart of all that we do at Woolgrove School. We are committed to ensuring that every member of the school community, whatever their position, race, gender, disability or religion is given the same chance as any other to access the services and support of the school.'

Schools need to carry out accessibility planning for all pupils with a disability. These are the same duties as previously existed under the Disability Discrimination Act (DDA) and which have been replicated in the Equality Act 2010:

- To promote equality of opportunity for disabled people: pupils, staff, parents, carers and other people who use the school or may wish to; and
- To prepare and publish a Disability Equality Scheme to show how they will meet these duties.

Definition of Disability

You are defined as disabled under the Equality Act 2010 if you have a physical or mental impairment that has a 'substantial' and 'long term' negative effect on your ability to carry out normal daily activities.

At Woolgrove School we are committed to providing a fully accessible environment which values and includes pupils, staff, parents, carers and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to a developing a culture of awareness, tolerance and inclusion.

Woolgrove School plans, over time, to increase the accessibility of provision for all our pupils, staff and visitors to the school. The Accessibility Plan will contain relevant actions to:

- increase the extent to which pupils with disabilities can participate in the **curriculum**. This covers teaching and learning and the wider curriculum of the school such as participation in clubs, sporting and cultural activities or school trips.
- improve our **physical environment** to enable disabled pupils to take better advantage of the education, benefits, facilities and services provided. This includes improvements and adaptations to the physical environment of the school and physical aids to access education. For example, improved access, lighting, acoustic treatment and colour schemes.
- improve the availability of accessible **information** for disabled pupils, staff, parents, carers and visitors. This includes the use of Wigit symbols, enlarged texts and a facility on our school website to enable it to be accessible in a variety of languages. We make ourselves aware of local services, including those provided through the Local Authority, for providing information in alternative formats when required or requested.

Woolgrove School

Accessibility Plan – October 2022 onwards

Our Aims:

- to increase the extent to which pupils with disabilities can participate in the school curriculum
- to improve the physical environment of the school in order to increase the extent to which pupils with disabilities are able to take advantage of education and associated services provided by the school and which allow staff, parents, carers and visitors better access
- to improve the delivery of written information to pupils, staff, parents, carers and visitors with disabilities
