Version: 1:1

“Equal opportunities lie at the heart of all that we do at Woolgrove. We are committed to ensuring that every member of the school community, whatever their position, race, gender, disability or religion is given the same chance as any other to access the services and support of the school”

At Woolgrove School the curriculum is the whole learning experience offered by the school. *How* children learn is as important as *what* they learn. Children are learning all the time and it is our responsibility to optimise learning opportunities throughout the school day, in curriculum time, during care routines and social times. Within our established ethos, children will gain confidence in making choices and increase their knowledge and understanding of the world around them.

Intent

The Intent of the curriculum is to:

- provide holistic learning experiences which are personalised to meet the unique needs of individuals and groups
- provide a broad, balanced and relevant curriculum focussing on functionality
- use children’s interests and talents to provide exciting, motivating and engaging learning experiences
- encourage all children to meet their full potential
- be flexible enough to meet the needs of the diverse population within the school and matched to the individual needs of the student
- build on children’s existing knowledge, skills and understanding
- reflect the multicultural nature of the local community and build on British Values
- develop confidence, high self-esteem and independence
- develop a respect for other people and the environment
- prepare pupils for the opportunities, responsibilities and experiences in life beyond Woolgrove School - Preparing for Adulthood (PfA)

Implementation

We adapt and modify the Early Years Foundation Stage Curriculum and National Curriculum for individual learners according to their needs. We recognise pupils’ strengths, needs and interests and build on these to promote achievement and success. We identify our pupils’ needs through the Annual Review process and plan and adapt provision and learning opportunities to meet these needs.

We are committed to providing the best learning opportunities, including access to community resources and Woolgrove life skills programme, linking classroom learning to life skills.

All children learn best from first-hand experience. To develop a full understanding of a concept a child must have relevant, practical learning experiences in different situations. We strive to provide opportunities to practise and apply learning in many contexts.

Alongside the traditional curriculum the school has a range of therapeutic inputs that support individuals and groups of children. These include Speech and Language Therapy, Music Therapy, Rebound Therapy, Lego Therapy and Sensory Circuits focusing on fine and gross motor skills.

Pathways

There are five different pathways the children can follow according to their age, ability, learning style and individual needs. Each pathway follows a modified and personalised holistic curriculum.

EYFS Curriculum

Engagement Curriculum (Children working at Range 1-3 within these areas)	Communication and Language
	Personal Social and Emotional Development – including behaviour curriculum (interoception), Life skills and puberty
	Physical Development
<u>Exploration Curriculum</u>	Literacy – Handwriting, Composition (for children at Range 3 and above in communication) Comprehension
	Mathematical Development
	Understanding the World including Technology and RE
	Expressive Art and Design including music

Pre-formal Curriculum for children working below Range 3 in highlighted areas, in particular (Communication)
Focus on Learning behaviours and Independence

Engagement Curriculum (Children working at Range 1-3 within these areas)	Communication and Language
	Personal Social and Emotional Development – including behaviour curriculum, (interoception) Life skills and puberty
	Physical Development
<u>Exploration Curriculum</u>	Literacy – Handwriting (Typing/mark making) and Comprehension (Through shared reading working on book skills, reading behaviours and a love of books)
	Mathematical Development – through enabled environments activities
	RE – through enabled environments activities

Semi-Formal 1 Curriculum for children working above Range 3

Engagement Curriculum	Communication and Language
	Personal Social and Emotional Development – including behaviour curriculum, (interoception) Life skills and puberty
	Physical Development

CURRICULUM POLICY

<u>Exploration Curriculum</u>	Literacy – Handwriting, Composition (for children at Range 3 and above in communication) Comprehension
	Mathematical Development
	RE

Semi-Formal 2 Curriculum

Engagement Curriculum	Communication and Language
	Personal Social and Emotional Development – including behaviour curriculum, Life skills (interoception) and puberty
	Physical Development
<u>Exploration Curriculum</u>	Literacy – Handwriting, Composition (for children at Range 3 and above in communication) Comprehension
	Mathematical Development
	Understanding the World including Technology and RE

Formal Curriculum

Engagement Curriculum	Communication and Language
	Personal Social and Emotional Development – including behaviour curriculum, (interoception) Life skills and puberty
	Physical Development
<u>Exploration Curriculum</u>	Literacy – Handwriting, Composition (for children at Range 3 and above in communication) Comprehension
	Mathematical Development
	Understanding the World including Technology and RE
	Expressive Art and Design including music

<u>Area of Curriculum</u>	<u>Strands</u>
Personal, social and Emotional Development and Life skills	Building Relationships Managing Self Self-Regulation Interoception Behaviour curriculum Life Skills – Toileting, Food Exploration, Food, Cooking and Meal Prep. PSED Live curriculum including Health and Community
Physical Development	Fine motor Gross motor
Communication and Language	Listening, Attention and Understanding Speaking or alternative method of communication

CURRICULUM POLICY

Mathematics	Maths Core – Number and Numerical Patterns) Maths Supplementary – Unit 1 – Pattern Unit 2 – Shape Unit 3 – Positional Language Unit 4 – Measures Unit 5 – Fractions: Range 7 and above Unit 6 – Statistics: Range 10 and above
Literacy	Writing – Composition (For children working above Range 3 in communication) Writing – Mark Making / Handwriting Reading – Comprehension Core Word Reading Words Phonics – level 1a - environment sounds, voice sounds, instrument sounds, body percussion Phonics 1b - alliteration, rhythm and rhyme, Phonics 1c - blending and segmenting, sentence segmentation. Phonics – Word reading (onset and rime if applicable / See and learn if applicable) Phonics – Writing
Expressive Arts and Design	Creating with material Being imaginative and expressive, including Music and Sensory Sensory includes - Self-regulation, Proprioception, Exploring, Tactile Oral, Olfactory, Vestibular, Visual
Understanding the World	People, Culture and community – Geography and RE Past and Present – History The Natural world – Science Technology – Computing Including RE
R.E	

Each class will personalise learning, timetables and activities to meet the needs of the children. Some areas of the curriculum are timetabled.

Each class will deliver a mix of adult directed and child-initiated activities. Adult directed activities could be working in small groups, 1:1 or using “strewing” techniques to deliver the curriculum.

Strewing is a teaching method that involves intentionally placing interesting items in a child’s environment, allowing them to explore and discover on their own. This creates a low demand and low pressure approach, that does not require any specific task or outcome. This technique works well with children who display demand avoidant traits.

Engagement Curriculum

The Engagement curriculum focuses on the Prime areas of the EYFS curriculum, Communication and Language, Physical Development, and Personal, Social and Emotional development.

Exploration Curriculum

The Exploration curriculum focuses on the Specific Areas of the EYFS Curriculum, Literacy, Mathematics, Understanding the World and Expressive Arts and Design.

Physical Development

Sensory circuit sessions and outdoor equipment is used to develop Gross motor skills as well as PE lessons. Classes plan Fine motor activities for Play and Learn sessions.

We use clever fingers to support some children with their fine motor skills

[Http://www.cleverfingers.co.uk/memberfiles/login.php](http://www.cleverfingers.co.uk/memberfiles/login.php)

Communication and Language

Woolgrove School uses a Total Communication approach. In all activities provided to the children careful consideration is given to the opportunities provided for children to develop their communications skills. Alternative methods of communication are used to support children such as signing, symbol communication, communication books, iPads, computer programmes such as Clicker 6 and objects of reference. Strategies used to teach communication skills include Intensive interaction, helicopter stories and Play and Learn activities.

Intensive interaction

Intensive interaction an approach to develop two-way communication. Adults will observe and respond to a child's actions and expressions, treating everything they do as communication.

Helicopter Stories

Helicopter stories are used in all classes to encourage children to tell stories and to watch as adults scribe for them. For children in the EYFS classes and Pre-formal/Semi Formal 1 classes, this involves adults narrating play, modelling play and scribing. As children progress this moves onto the children creating, dictating and acting out their own stories.

Identiplay

Some classes will teach play through identiplay. This involves adults modelling how to play with a toy and providing a script for children to copy.

Core Word programme

Some classes will be using the core word programme where a word is introduced and activities are planned to enable children to embed the use of this word into their vocabulary.

Curiosity Approach

The curiosity approach is used to support children to develop attention skills and incorporates intensive interaction and shared exploratory play experiences. This approach moves onto developing imagination in play.

Attention Autism

Attention Autism is used in all pre-formal and semi-formal classes to develop attention, listening, understanding, communication and independence.

Personal, Social and Emotional Development

Play and Learn

Play and Learn activities take place in all classes at various points throughout the day. This is an opportunity for children to consolidate taught skills as well as develop their social skills.

Behaviour Curriculum

Children are explicitly taught behaviours through play sessions and adults modelling play.

Enabled Environments

Enabled environments is a session where the focus is on adults building relationships with pupils and the children taking the lead. Materials are provided that are open ended and the children develop their interaction, communication, motivation and thinking skills to lead the session with adults as play partners.

Sensory

Sensory experiences and sensory diets are built into the school day to enable the pupils to be taught to self regulate and meet their sensory needs independently. Tac-Pac, which combines the sense of touch and music through social interaction, is also used in classes. It is delivered via an interaction between 2 people – a giver and a receiver.

Mindfulness also forms part of the Sensory curriculum to allow children to develop interests that they can use to support their wellbeing, self-regulation and involvement.

The interoception curriculum is taught in all classes and includes identifying body parts, exploring how body parts feel in different situations eg cold, hot, wet etc.

Outdoor learning

Woolgrove has seven acres of land in the environment area that is used throughout the week for exercise, morning workouts and learning about the environment. Every class has a weekly session in the environment area and Forest School activities are used during these sessions to develop team building, life skills, creativity, risk taking and learning about the world.

Visits to the Local community

All classes visit the local community to bring school experiences to life and use skills they have been taught into real life practice. Visits to the local community may include visiting a park to improve physical development skills, visiting a zoo, farm, woods or park to look at and learn about animals, visit a supermarket to learn about money and visiting a restaurant to order and eat food in a public place. These are valuable experiences for the children to learn about skills they will need in the future and about behaving and communicating appropriately in a public area.

Residential Visits

Some of our Year 6 pupils have the opportunity to take part in a residential visit in the latter part of the academic year. During the week the children take part in exciting learning experiences such as canoeing, donutting and archery as well as visiting places in the local area. For some children the opportunity to stay

overnight may be the first time they have had this experience. An activity week for the children who are unable to stay takes place where the children participate in activities that would have taken place during the residential week.

Life Skills

As well as incorporating life skills into all lessons, each class also has a dedicated lesson focusing on elements of this. Life skills covers toileting, managing clothing, dressing and undressing, personal hygiene, food and eating, food preparation, communication, health and community, safety and independence.

Kaspa the Robot is used to support children to develop communication, interactions and independence, as well as exploring feelings and emotions.

Cultural Capital and Character Education

At Woolgrove School we have ambitious expectations for all of our pupils and aim to provide challenge for all. Our broad and balanced curriculum follows a destination-led approach, considering what skills, opportunities and approaches our pupils will need for when they move to secondary school and then onto adulthood. We aim to develop a sense of pride, belonging and identity for both the children, staff and the wider community.

We encourage the children to develop good characteristics of learning including confidence, self esteem, resilience, thinking skills, engagement, motivation and perseverance. We use children's interests to motivate and inspire children to participate and engage with learning. The Play and Learn (PAL) activities within classes give children opportunities to practise skills, learn from their mistakes and persevere when facing challenges. A range of experiences are provided to broaden the children's wider personal development in order to push the children outside of their comfort zone and also to show them what they are capable of achieving. We have a list of 50 things to do before you leave Woolgrove, which ensures that during their time at this school all children have had the same opportunities to undertake a range of events and experiences, for example going on a train, visiting a museum etc. This allows the children to develop their ability to access the wider world in the future and to expand on their interests.

We also ensure that opportunities are planned for children to help others and have a sense of responsibility within the class by completing jobs such as cleaning tables, sweeping the floor, helping with shredding or assisting another child with their work. The School Council operates to enable pupils to gather the views of others and share these to plan and implement changes to make the school a better place for everyone.

As a multicultural school with a diverse community, we value different cultures and celebrate everyone's uniqueness. Each class plans experiences and activities to explore the diversity within their group, such as listening to music, dancing, cooking, learning phrases from a home language and watching films. This is closely linked to the R.E. curriculum at Woolgrove. We place great emphasis on teaching the children to be respectful of others and value their opinions and beliefs.

We aim to broaden horizons and raise aspirations for all pupils. Topics on occupations and jobs are incorporated into the curriculum. Former pupils are invited to return to the school and share their post-Woolgrove experiences. Links with the local community and businesses are developed to provide experiences to the children about work places.

During their time at Woolgrove the children will have the opportunity to participate in our Live, Laugh and Learn topic which includes different tasks and activities to develop key aspects of character education and cultural capital. These tasks vary according to which curriculum pathway the child is following. Some tasks will be carried out in school while others may be done at home, which helps develop and strengthen the links between home and school.

Futures and Preparing for Adulthood

One of the topics we cover as a school is Futures. To support our children to prepare for the next stage in their school life and then onto adulthood, we teach about different professions. The older children take part in a work experience session within school. We also support children through role-play and Pastoral Support Worker time to prepare for community visits to places such as to hospitals, dentist and doctors.

Timetables and topics

We follow a half termly topic-based curriculum. The whole school has a topic, each planning group then decides on a sub topic related to the school topic and a text to focus on for the half term.

Term	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Topic	Ourselves	Celebrations / Events	The World	Creativity	Live, Laugh, Learn	Futures

Other curriculum areas are timetabled to be taught at specific terms of the year.

Phonics stages – Whole school

<u>Core Word programme / Engagement Curriculum / Early Exploration Curriculum</u>	
1a	Environment Sounds, Voice Sounds, Instrument Sounds, Body percussion (Through an enabled environment / sensory phonics expose children to initial sounds)
1b	Alliteration and Rhythm and Rhyme Sentence Segmentation – can still start level 2 if not completed
1c	Blending and segmenting (Onset and Rhyme for children who struggle to blend and segment)
2	Phonics Reading and Spelling/writing

Phonics timetable

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
	Core Word programme / Engagement Curriculum / Early Exploration Curriculum					
1a	Environment sounds	Instrument sounds	Voice Sounds	Body percussion	Based on assessments	
1b	Rhythm and Rhyme	Alliteration	Rhythm and Rhyme	Alliteration	Based on assessments	
1c	Blending and segmenting	Blending and segmenting	Blending and segmenting	Blending and segmenting	Based on assessments	
2	Phonics Reading and Spelling/writing					

Maths Supplementary Timetable

Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Pattern	Shape	Position and Direction	Measures	Revisit Pattern and then target areas based on assessments Fractions for children working above Range 7 across all areas Statistics for children working at Range 10 or above across all areas	

PE timetable

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
EYFS/PF/SF1	Invasion games	Dance	Gymnastics	Net Wall games	Striking and fielding	Athletics
Focus on skills in EYFS assessments						
SF2 and Formal						
Focus on skills in each area of PE						

Music timetable

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
EYFS/PF/SF1	Feeling the beat (Pulse) Tempo	Thick and Thin (Texture) Planning, rehearsing and performing- Christmas Production	Loud and Quiet (Dynamics)	Long and Short (Duration/Rhythm)	High and Low (Pitch)	Different sounds and instruments (Timbre) Rehearsing and performing- Summer Fair performances
Focus on skills in EYFS assessments						
SF2 and Formal						
Focus on skills in each area of Music						

Classes at Woolgrove

Classes are mixed age and ability grouped; they are organised according to the children's learning style. The exception being Blue Class which is the class for the Reception aged children and is a mixed ability class. The children may move to another class during an academic year if it is apparent that they would be more suited to a different learning group according to their learning style or ability.

An example of classes and their corresponding learning styles/curricula is below. This may vary year to year according to the needs and ages of the pupils.

Department 1			Department 2		
Class	Learning styles	Curriculum	Class (2026-2027)	Learning styles	Curriculum
<i>Blue</i>	Youngest pupils Mixed style class	EYFS	<i>Sphere</i>	Semi-Formal 1	Semi-Formal 1
<i>Red</i>	Pre-Formal		<i>Cone</i>	Semi-Formal 1	Semi-Formal 1
<i>Yellow</i>	Semi-formal 1		<i>Cube</i>	Semi-Formal 2	Semi-Formal 2
<i>Green</i>	Semi-formal 2 / Formal		<i>Star</i>	Formal	Formal
<i>Purple</i>	Semi-formal 2 / Formal		<i>Hexagon</i>	Formal	Formal
<i>Gold</i>	Pre-Formal	Pre-Formal	<i>Pyramid</i>	Formal	Formal

Timetable references

Some classes use generic terms such as circle time to indicate a time where children come together as a group for an adult led activity. Other classes are able to follow a traditional style timetable using terms such as, literacy, mathematics etc. Some classes require a flexible timetable which caters to the children's needs and presentation each day.

Early Years Foundation Stage (EYFS) and Key Stage 1 (KS1)

Children in Reception to Year 2 follow the EYFS curriculum. On some occasions there may be mixed aged KS1 and KS2 classes. These classes will continue to follow the EYFS curriculum (see EYFS policy for further information).

Sub topics are planned on a 3 year cycle, so that children will experience activities within each topic as they progress through the EYFS and Infant Classes. Topic planning takes place on a half-termly basis. Sub topics may be altered to take into account children's interests. The long term planning sheets identify each of the Prime and Specific Areas of Development as identified in the Early Years Outcomes for each term. This ensures that all curriculum areas are covered whenever a topic or activity is planned. Planning will also ensure coverage from Woolgrove's Skills and Knowledge Overviews (SKOs).

Key Stage 2 (KS2)

The majority of children in KS2 follow the Pre-formal, Semi-Formal 1, Semi-Formal 2 or Formal Curriculum, depending upon their learning style and ability. On some occasions, classes may have a mix of two learning styles for example, Pre-Formal and Semi-Formal 1 or Semi-Formal 1 and 2 or Semi-Formal 2 and Formal. If this is the case the class teacher will follow the curriculum that is best suited to the children within the class. In the case of a mixed Pre-Formal and Semi-Formal class the most suitable curriculum is likely to be the Pre-Formal Curriculum. In the case of a mixed Semi-Formal and Formal class the most suitable curriculum is likely to be the Formal Curriculum. Planning for each pathway will also ensure coverage from Woolgrove's Skills and Knowledge Overviews (SKOs) for each curriculum area.

Pre-Formal Curriculum

The Pre-Formal curriculum is planned each half term/term and is based upon a book. The books that are selected are based upon children's interests. The curriculum incorporates active, sensory and cross curricular learning experiences. Opportunities for consolidation and repetition are built into activities to maximise learning opportunities and for children to embed skills and make progress. The children are provided with activities related to the text and carousel through activities during the day. The majority of activities are taught in small groups or 1:1.

The Pre-Formal curriculum incorporates a variety of alternative methods of communication such as Symbol Exchange Communication (WOPS Communication), Sound Board (using an iPad), Signing, Objects of Reference, photographs, true object-based icons, core boards and Communication books. Intensive interaction is also used to develop communication and interaction skills. Attention Autism is used regularly to develop joint attention, listening, participation, communication and independence.

The staff will use enabled environment sessions and intensive interaction to follow the child's lead and build relationships with the children. Literacy and Maths learning may take place also during these sessions.

In Literacy, Identiplay is used to support children to develop play, communication, interaction and storytelling skills. Helicopter Stories are also used to develop storytelling. Sensory stories and story massage is used to develop children's understanding and enjoyment of reading.

Mark making and writing will be encouraged by providing a range of sensory, large and small mark making opportunities, linked to Woolgrove's progression in mark making programme.

Visits to the local community will take place regularly to encourage the development of life skills and to bring aspects of a text into context, for example children going to the airport to look at aeroplanes and listen to aeroplane sounds as part of a book about transport.

Semi-Formal 1 Curriculum

The Semi-Formal 1 curriculum is planned each half term/term and is based upon a book or the children's interests. The curriculum incorporates active, sensory and cross curricular learning experiences as well as table top learning experiences. Opportunities for consolidation and repetition are built into activities to maximise learning opportunities and for children to embed skills and make progress. The majority of activities are taught in small groups, on some occasions whole class teaching will take place.

The semi-formal curriculum will incorporate many of the strategies used in the Pre-Formal curriculum such as, photos, Symbol Exchange Communication (WOPS Communication), Sound Board / Grid / Widgit Go (using an iPad), Signing, Objects of Reference and Communication books.

Attention Autism is used regularly to develop joint attention, listening, participation, communication, turn taking and independence.

In Literacy, Identiplay and helicopter stories are used to support children to develop play, communication, interaction and storytelling skills.

Mark making and writing will be encouraged by providing a range of sensory, large and small mark making opportunities, linked to Woolgrove's progression in mark making programme.

Visits to the local community will take place regularly to encourage the development of life skills and to bring aspects of topic into context.

Semi-Formal 2 Curriculum

The Semi-Formal 2 curriculum is planned each half term/term and is based upon a book or the children's interests. The curriculum incorporates some active, sensory and cross curricular learning experiences as well as table top learning experiences. Opportunities for consolidation and repetition are built into activities to maximise learning opportunities and for children to embed skills and make progress. The curriculum is taught through whole class and small group teaching. For some activities the carousel style of teaching may still be used.

The Semi-Formal 2 curriculum uses Attention Autism strategies to focus on independence.

In Literacy Identiplay and helicopter stories are used to support children to develop play, communication, interaction and storytelling skills.

Mark making and writing will be encouraged by providing a range of sensory and cross curricular writing opportunities, linked to the Early Years Foundation Stage Development Matters and National Curriculum for writing.

Visits to the local community will take place regularly to encourage the development of life skills and to bring aspects of topic into context.

Formal Curriculum

The Formal curriculum is planned each half term/term and is based the children's interests, which could be taken from a book, author or area of interest. The curriculum incorporates some active, sensory and cross curricular learning experiences as well as table top learning experiences. Opportunities for consolidation and repetition are built into activities to maximise learning opportunities and for children to embed skills and make progress. The curriculum is taught through whole class and small group teaching. For some activities the carousel style of teaching may still be used.

The Formal Curriculum focuses on children being independent learners. Many of the strategies used for the Pre-Formal and Semi-Formal curricula will continue to be used and adapted to meet the needs of our formal Learners.

Impact

The impact of the curriculum is that the children will become:

1. Successful pupils who enjoy learning, make progress and achieve their full potential
2. Confident individuals who are able to live safe, healthy and fulfilling lives
3. Responsible citizens who, where possible, make a positive contribution to society

Example Medium Term planning format

Pre-Formal Medium Plan Autumn 1Focus Book: Peace at Last

	Focus page	PSED	Physical	Communication and language	Literacy	Mathematics	Life skills Including food tech	RE	Sensory	CIL Enhanced provision linked to learning
Week 6	Pg 6	Working with others Sharing Turn taking	Fine motor – Writing Spoons Pouring Painting Using tape and glue sticks Gross motor – pretending to be aeroplanes taking off Climbing stairs Making beds	WOPS COMMUNICATION – making requests choosing and snack. I see sentences for big book Requesting – colours/equipment for model making/painting Toy shop role-play Signing – Bed, Baby, Bear, Daddy, sleep, living room, woke up, went, in, walk Making sounds for transport	Reading – Keywords Finding keywords hidden in clouds (shaving foam) or pulling keywords elasticated from high up Bed, Baby Bear, Mr. Bear Sleep, Living room aeroplane He, was, in, got, up, went IVC – sentences Phonics – environment sounds / phase 2 b Writing – names and keywords Painting/drawing pictures of the story Story map	Core Counting aeroplanes Supplementary Sorting aeroplanes – colour Size of aeroplanes/bears Aeroplane models – 3D and 2D shapes Temperature – linked to cooking Money – toy shop Collage – bed sheets for the bed – pattern	Cooking – hot chocolate Dressing for bed Cleaning teeth / washing faces Making a bed	Sikhism – the 5 Ks exploring objects and naming them	Sounds of aeroplanes Blankets Making dens – dark and light Using torches	iPad – sounds and letters program Making dens/beds Making models Painting Computer – sentences / painting pictures / watching the story Small world Transport play/house play Role-play house/toy shop

Example Sensory story plan**Book:** Peace at Last

Children can dress in PJs as part of the story experience

Page	Sensory experience	IVC sentence
1	Turn lights off and make it dark (low level lighting) – show a moon	Night time symbol for When
2	Listen to yawning sounds / make yawning sounds	The bears were tired
3	Listen to / making walking upstairs sound	The bears went to bed
4	Make snoring sounds Put on dressing gowns	Mrs Bear was snoring
5	Explore aeroplane toys / paper aeroplanes	Baby bear was playing with aeroplanes
6	Clock ticking sounds Exploring pillows blocking out sounds	Mr Bear can hear the clock
7	Explore water dripping Make sounds Eat honey sandwiches	Mr Bear can hear the fridge/tap
8	Feel hedgehog prickles / cat toy / owl feathers Make sounds	Mr Bear can hear the hedgehog/cat/owl
9	Tweeting sounds Bird toys to feel Torches and sun - turn on lights	Mr Bear can hear the birds <i>or</i> Mr Bear can see the sun
10	Explore blankets and lying down	Mr Bear went to sleep
11	Alarm clock going off	Mr Bear can hear the alarm clock
12	Drinking tea and opening letters	Mrs Bear made tea

Example Massage story plan**Book:** Peace at Last

Story massage to always start and end with hands resting on shoulders

Page	What to say	Massage
1	It was night time	Rub hands over the back
2	The bears were tired	Rub hand up from bottom to top in an arc – like yawning
3	The bears went to bed	Tap hands alternately up the back
4	Mrs Bear was snoring	Rub hands up and down back
5	Baby Bear was playing with aeroplanes	Explore aeroplane toys / paper aeroplanes
6	Mr Bear can hear the clock	Tap finger in a circle for the clock and the make pincer movement on the back for cuckoo opening and closing
7	Mr Bear can hear the fridge/tap	Tap index finger on shoulder for dripping
8	Mr Bear can hear the hedgehog/cat/owl	Draw owl eyes, V hands draw cat's whiskers, index fingers tap for prickles on hedgehog
9	Mr Bear can hear the birds <i>or</i> Mr Bear can see the sun	Draw sun on the back
10	Mr Bear went to sleep	Rub across the back
11	Mr Bear can hear the alarm clock	Tap erratically on the back
12	Mrs Bear made tea	Rest hands on shoulders
